The budget is taking top priority in the House. Rep. Bobby Hanig provided additional input to the other industry updates as they were addressed.

*NC Restaurant & Lodging Association*

Lynn Minges explained ramping up efforts for the NC Restaurant Workers Relief Fund. Through the program, NCRLA raised about \$1.5 million and gave grants to nearly 3,000 people. In addition, due to the program, NCRLA began dialogue with about 20,000 displaced workers that it hopes to continue. She noted the industry is still down 37,900 workers and cumulatively down \$4.7 billion in taxable sales. Minges also looked at the reasons for labor shortage, noting many found jobs elsewhere or had childcare issues. She then explained how NCRLA is addressing the worker shortage, such as creating a hospitality job board, offering free-of-charge tourism and hospitality positions; working with community college and high school programs

and training; and immigration reform and guest worker visas. Minges noted NCRLA was pleased that the ABC Permit Extension Bill passed. Work is still being done on other hospitality-related legislation.

### ***NC Travel & Tourism Coalition***

Dennis Edwards reported the Coalition met yesterday (Monday) and had several productive discussions. NCTTC is very pleased and supportive of a number of tourism industry budget items in both the House and Senate budgets.

### ***NC Travel Industry Association***

Lee Nettles shared details of a new program between NCTIA and the NC Tourism Education Foundation for the Hotel Employment Initiative, a \$200,000 pilot project currently in the House budget. The initiative is designed to run in Mecklenburg and five neighboring counties, with the goal of recruiting more than 10,000 students into hospitality industry careers. The three-step program involves recruitment, working with social services agencies and high schools; training, with a six-week paid program for students at Piedmont Community College and on-the-job training; and encouragement/retention, with potential for promotions, mentorship and financial planning assistance. If the Hotel Employment Initiative project comes to fruition, there's hope for it to move statewide.

### ***Destination Marketing Association of North Carolina***

No update.

### ***NC Sports Leadership Council***

Demp Bradford noted the sports market is bouncing back. It's monitoring SB 688, the Sports Wagering Bill; HB 133, the creation of the NC Golf Council; and HB 945, creation of the Esports Incentive Program. He concluded the Council appreciates everything everyone does. Rep. Bobby Hanig added the House does have the NC Golf Council creation as a policy provision in its budget.

### ***EDPNC***

Chris Chung confirmed the workforce labor shortage is affecting industries across the state, and has been for a long time. He suggested possibly cross-pollinating ideas with the hospitality industry for ideas on how to get communities into the workforce; creating awareness can fuel interest. The EDPNC appreciates both the House and Senate having business marketing funds included in their respective budgets. Each chose to include \$10 million in their versions of the budget.
